Bifold Track & Hardware Heavy Duty - 75 lbs. Specifications

2 Door System

4 Door System

Surface Mounted Bifold hardware for 1-1/8" to 13/4" panels up to 75 lbs each panel

Commercial grade bifold hardware system designed for use with heavier than normal doors. Designed for 12" – 24" panels up to 9/0 high. Precision extruded commercial grade aluminum track features line-design fascia to hide finger marks and scratches or to hold paint if desired. Patented "tricycle" hangers with large nylon 1" diameter ball bearing wheels, ride smoothly and quietly on convex shaped system facilitating easy mounting or dismount of door panels. Hangers are adjustable for height in case of settling. Floor bracket has an adjustable bottom pivot socket. System is supplied with non-mortise hinges that can be replaced with customer supplied mortise hinge. 14-16 gauge zinc dichromate plated steel parts.

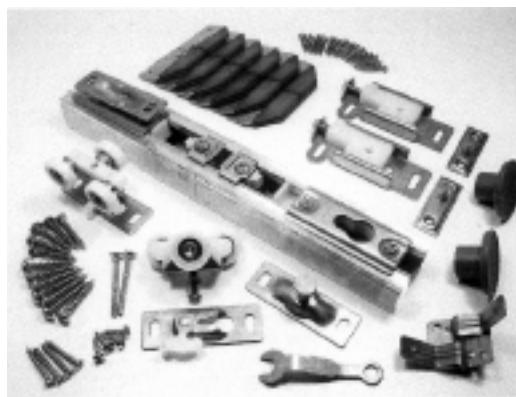

2 Panel Complete Packaged Contractor Sets

Our doors are pre-sized to fit in standard wood and metal openings.

Example: 48" x 84" Opening = (4 – Panels @ 11 3/4" x 81")
